Guard  
Bench

#33  
Killian Tillie  
Forward  
Starter

#10  
Jesse Wade  
Guard  
Bench

#3  
Johnathan Williams  
Forward  
Starter

## HOW TO WIN:

Roll dice 5 times to get the highest score after all 22 rounds.

## HOW TO PLAY:

To start, you will roll the dice by clicking Roll. After rolling you can either score the current roll on the scorecard or re-roll any or all of the dice\*. You may only roll the dice a total of five times. After the fifth roll you must choose a category on the scorecard to score your hand in. You must choose a different category each time i.e., you can NOT score your hand in a category you have already scored.

To keep a die value enter 'y' in the same order that the die appeared. Enter 'n' to re-roll. For example, if the roll is Jones, Hachimura, Norville, Tillie, Perkins to keep Jones, Norvell, and Tillie and re-roll the others you would enter: 'ynynn'.

\*Note: For example, after the first roll you can keep 4 dice and re-roll the fifth die. Then you can choose to keep all of the die and end that round or keep the first 2 die and roll the next 3 and continue...

## SCORING:

The scorecard is split into upper and lower sections.

### UPPER SECTION:

The upper section scores only the player used during that turn. Their score is based off their player number, for example, getting Johnathan Williams 3 times, and Jesse Wade 2 times, will score 9 points for the Williams section, and 20 for the Wade section.

### LOWER SECTION:

#### 3 of a Zag

A player must have 3 of the same player in the hand.

The score is the value of all 5-dice added up.

#### 4 of a Zag

A player must have 4 of the same player in the hand.

The score is the value of all 5-dice added up.

#### Full Team

A player must have 3 Guards and 2 Forwards to accomplish this score.

The score will be 25 points, regardless of the players number values.

#### The Bench Brigade

A player must have 5 players from the Bench to accomplish this score.

The score will be 30 points, regardless of players number values.

#### The Starters

A player must have all 5 Starters to accomplish this score.

The score will be 40 points, regardless of players' number values.

#### The Kennel

No combos necessary. The score of this roll will be all the players' numbers totaled together.

#### Zombie Nation

A player must have 5 of the same player to accomplish this score,

The score will be 100 points, regardless of players number values.

## SCORECARD:

UPPER SECTION	HOW TO SCORE	PLAYER 1	PLAYER 2	PLAYER 3
